Testimonials

Hi there Larry

We just wanted to say a very warm thank you for playing at our wedding.

It was such a treat having you there and it made all the difference having a live band!

My uncle (who's blind) has a keen interest in music and was quite taken with your choice of music - particularly the more latin style! He's quite particular with his music so to hear this from him was sensational!

My dad also thought you were brilliant - so thank you for striking a chord with my family and making a difference to their evening!

We were lucky to find you and thank you for being patient with me with all my emails trying to organise the evening :)

We'll be recommending you to our friends!!

Kind regards

Danielle & Clive

I am writing this reference for the Juicy Fruit Band from personal experience of their ability.

I recently had the very good fortune to use the band at a birthday celebration at my home. We had 30 guests at lunch to celebrate my mother-in law's 70th birthday.

I found the band to have a very professional approach and a great sound. It was very obvious they had a wealth of experience in keeping up a very good supply of music appropriate to the occasion.

The choice of music had many of the guests off their chairs and up on the dance floor, thus contributing to the sense of occasion.

The lead singer did a marvelous job delivering the lyrics to different styles of music and impressed everyone at the function.

All in all it was a delight to have them at the house performing and entertaining the guests.

Sincerely,

George Iknors

I would like to thank both yourself and the musicians that played at our Christmas function. Your professional approach from planning, organising to setup and playing on the night was excellent and I would recommend you to anyone who asked for a reference.

Good luck to yourself and your talented musicians.

Vince Wilson, Music Co-Ordinator - GHD Sydney

"The band did a wonderful job at the Gala Dinner the music was perfect, exactly what we were hoping for! A great mix of styles - something for everyone.

Juicy Fruit certainly played their role in making the evening celebrations a success."

Naomi Wilson Secretary
